### DETAILED ACTION

1. This action is responsive to communication filed on August 19, 2003. Claims 1-12 are presented for examination.
2. Claims 1-12 are allowed and renumbered as 1-3, 5, 4, 6-7, 9, 8 and 10-12, respectively.

### REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The prior arts of record do not teach nor suggest, either alone or in combination, all the limitations of the independent claim of the current invention (claim 1); particularly an information processing device comprising a control circuit for: allowing the input address to be stored in one of the first registers whose valid flag indicates an invalid state, and changing this valid flag to indicate a valid state, or, if a comparison result by the comparison circuit between one of the first registers whose valid flag indicates a valid state and the input address indicates a matching, then allowing the second field of the input address to be stored in corresponding one of the second registers whose valid flag indicates an invalid state, and changing this valid flag to indicate a valid state; and selectively allowing contents of one of the first registers whose valid flag indicates a valid state to be read; if the valid flag of corresponding one of the second registers indicates an invalid state, then changing this valid flag to indicate an invalid state, or else, allowing a value of the second field of this one of the second registers to be shifted

to the second field of the corresponding one of the first registers, and changing the valid flag of this one of the second registers to indicate an invalid state.

Claims 2-12 further limit the allowable independent claims. These claims are therefore allowable for the same reason as set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hetul Patel whose telephone number is 571-272-4184. The examiner can normally be reached on M-F 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Matt Kim can be reached on 571-272-4182. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
